William Golding's novel Lord of the Flies on theater boards!

FLIE ISLAND BLACK GLASSES BOAR BOY HEAD BOYS

Bratislava, April 10: „The world is a dangerous place, not because of those who do evil, but because of those who look on and do nothing.“ A statement that was said by Albert Einstein only a few years before Golding actively worked. But whow does it relate to the play we want to invite you to?

You have to figure it out yourself.

The work tells an allegorical story about a group of boys who try to function on desert island by the rules of democracy. Their coexistency will result in a power struggle with catastrophic consequences. The novel deals with controversial topics such as individual benefit versus general welfare, fanaticism and inborn inclination of human nature to evil.

We invite you to the premiere of this unique work, which does not appear often on theater boards. The premiere is scheduled on April 17, 2019 at 7pm in Studio 1 on Zochova 1.
